

Zuba Product Announcement 400-16-001

To: All Distributors

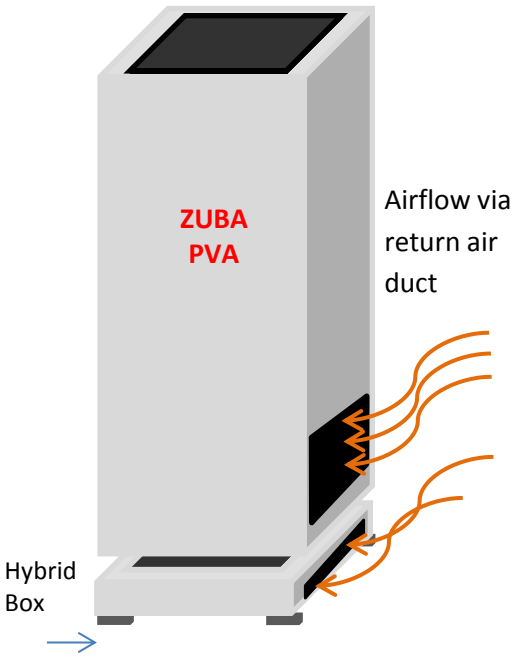

From: Technical Service & Support

Date: July 20th 2016

Subject: Zuba Hybrid Airflow box

When using the Mitsubishi Electric supplied electric heaters, it is mandatory that a min. of 1360 SCFM is available across the heater. In specific applications where the required min. airflow cannot be achieved with the use of the standard side return, the hybrid side return box will help to achieve the stated min airflow required for the factory heaters.

This box is now available using part number [PV-RTN-36-42](#).

Model		
Dimensions (IC)		
H (in)	3"	
W (in)	25"	
D (in)	21 5/8"	
Weight (kg)	10
